

7R PARK *Sosnowiec*

Warehouse

7R Maczki Bór is a modern Class A logistics and warehouse complex located in a well-established industrial zone with strong market recognition. The development is being delivered in one of the most promising areas of Upper Silesia, offering excellent conditions for companies planning to expand their logistics, distribution and light manufacturing operations. The location provides strong potential to attract both new tenants and businesses relocating from outdated facilities or seeking opportunities for further growth.

Location

The location of the development, surrounded by numerous industrial plants and companies operating in older, depreciated facilities, creates significant commercial potential. The Eastern Upper Silesia region remains one of the most sought-after areas for the development of modern logistics and industry, offering access to a skilled workforce and well-developed transport infrastructure.

Beyond warehouse.
